- Compatible with all Videoswitch IP cameras
- 100 metres cable distance, unlimited distance via network
- Built-in Wi-Fi
- HDMI, DVI and composite BNC outputs
- Auto-runs Guarding Expert software
- Can run other Android applications

### Order Codes

**VI-K1080HD** Remote Controller/Viewer

### Overview

The Vi-K1080HD Remote controller/viewer allows you to remotely control and view your DVR/NVR from any location, with HD resolution. It has a monitor output that displays real-time live or recorded full-screen or multi-screen HD quality images, independently of the DVR/NVR monitor output(s).

Connection to the DVR/NVR can be point-to-point using a single CAT5 cable for control and video, or can be via a local network (LAN) or the internet (WAN). Support for both wired Ethernet and built-in Wi-Fi connections is included.

The Vi-K1080HD allows remote backup of video footage or still images to USB memory stick or DVD writer (option).

It can also view images directly from IP cameras and can replay recorded video files.

Applications include:

- Add single or multi-screen "spot" monitor outputs to a DVR/NVR
- Remote control/viewing station in place of conventional keyboard
- Remote viewing and management of multiple sites in place of PC
- Use your TV to view CCTV system

### Specification

#### Display

Resolutions 1920 x 1080P, 1280 x 720P, 720 x 576

#### General

CPU Amlogic S805 Core: Cortex A5, Quad Core 1.5GHz, RAM: 1G ROM: 8G

Operating system Android 4.4

Decoder Format H.265/AVC, H.264 Video Format: VC-1, WMV, AVS, MPEG-4, 1080P, MPEG-1, H.264, 3D Audio Format: AAC, WAV, OGG, FLAC, MP3, APE, WMA, JPEG, BMP, GIF, PNG

#### Interfaces

Display HDMI, BNC and DVI (adaptor required)

WiFi IEEE 802.11 b/g/n

Bluetooth v4.0

Ethernet RJ45 10M/100M

Memory card Micro SD Card (32GB)

USB USB2.0 x2, OTG

Power 5V DC

#### Weight/Dimensions

Dimensions 114 x 114 x 23 mm (LxWxH)

Weight 0.15 kg

#### Accessories Included

Power adaptor, Mouse, HDMI lead, BNC lead
